1. ***Student Training*** — During the conference, we will be offering three tracks of student training: state officers, chapter leaders and college/postsecondary. The training will focus on the three key Essential Elements of the conference, which are professionalism, communication and leadership. As a result of participating in WLTI, students will be able to:
 - Know, create, and communicate their own CTE “story”
 - Communicate effectively using the POWERR formula and other SkillsUSA resources and tools
 - Demonstrate their ability to create change through the application of advocacy best practices
 - Connect the past national efforts that established career and technical education to current national hot topics, fact, and efforts surrounding CTE and SkillsUSA
 - Network with other students from across the country to understand the breadth of CTE and SkillsUSA nationwide
2. ***Advisor Training*** will focus on how to best advocate for your CTE program as well as include implementing our SkillsUSA educational resources.

Note: All advisors should bring a laptop, tablet or other digital device to access digital resources during the training.
3. ***Night Monument Tour*** will provide participants a fun evening exploring some of the most prominent monuments and memorials in Washington, D.C. A highlight of the evening will be a powerful reflection delivered by the national officers.
4. ***State Planning Session*** — To ensure your state delegation is prepared for the legislative visits, we provide time during the conference for state associations to meet for planning. Please intentionally use this time to ensure your team is prepared to advocate for CTE and SkillsUSA.
5. ***Touring and Exploring D.C.*** — Conference participants will have time to visit monuments and museums in Washington. Visitors guides and conference maps will be available on site; however, we suggest groups identify in advance some places to visit and things that you want to see or do. Check out this website to begin your tour planning: www.washington.org
6. ***CTE Rally*** — This high-energy event will kick off the day’s activities on Capitol Hill. There will be a brief guest speaker and a limited number of rally signs available.
7. ***Wreath Laying at Arlington National Cemetery*** — SkillsUSA will honor men and women of the armed forces by laying a wreath during the changing of the guards’ ceremony at the Tomb of the Unknown Soldier. Participants are asked to remain respectful at all times while visiting the cemetery.

Celebration Night at SkillsUSA Leadership Center — *This is a relaxed evening for participants to celebrate the advocacy work that happened on Capitol Hill. Dinner and entertainment will be provided.*
